

ACUMEN® FOR CUMMINS ENGINES

YOUR ENGINE JUST GOT **SMARTER.**

Connect your vehicle to the world creating smart engines and endless possibilities with Acumen®. Acumen® remotely connects you to Cummins, enabling a full suite of digital insights and capabilities.

HOW IT WORKS:

USING ENGINE DATA TO PROVIDE OPERATIONAL GUIDANCE

WHY SHOULD I SUBSCRIBE TO CUMMINS CONNECTED SOLUTIONS®?

- During the warranty period, Cummins Connected Solutions® are free of charge to you
- Receive real-time notifications of what a check engine light means, what to do, and where to find your nearest certified service locations
- Calibration updates enable vehicles to run at peak performance with the newest fixes and enhancements from Cummins. With Acumen® and connected services you can do this over-the-air without having to go to a service location
- Cummins will continue to add features that will help customers optimize the experience of their Cummins powered vehicle; soon, we will be able to tell you ahead of time of a potential parts failure to allow you to plan ahead

REGISTER FOR CUMMINS CONNECTED SOLUTIONS®

Cummins is working toward a new, streamlined registration experience for your Cummins-powered vehicles.

Once registered, your Cummins-powered vehicles will have access to insights and capabilities including*:

- Remote Monitoring
- Fault Alerts
- Predictive Service Insights
- Over-the-Air Calibrations

Information you will need for the registration form:

- First Name
- Last Name
- Email Address
- Phone Number
- VIN (Vehicle Identification Number)

**Capabilities vary based on factors including engine model and year, Original Equipment Manufacturer (OEM), and Telematics Service Provider (TSP)*

Scan the QR code or visit the URL below to sign up for Connected Solutions® using the new registration link.
