

K38-M / KTA38

Marine Propulsion and Auxiliary Engines
for Commercial and Recreational Applications

General Specifications

Configuration	V-12 cylinder, 4-stroke diesel
Aspiration	Turbocharged / Aftercooled
Displacement	38 L (2300 in ³)
Bore & Stroke	159 X 159 mm (6.25 X 6.25 in)
Rotation	Counterclockwise facing flywheel
Fuel System	Pressure Time (PT)

Product Dimensions and Weight

Overall Length	mm (in)	2152	(84)
Length of Block	mm (in)	1547	(61)
Overall Width	mm (in)	1462	(58)
Overall Height	mm (in)	2083	(82)
Weight	kg (lb)	4218	(9300)

Dimensions and weight may vary based on selected engine configuration.

Power Ratings

Features and Benefits

Engine Design – Low profile for ease of installation and service. Replaceable wet cylinder liners offer longer life and lower rebuild cost

Fuel System – Cummins PT fuel system can be operated mechanically or with CENTRY electronics for precise engine fueling. Step Timing Control (STC) allows for smooth engine acceleration under load

Cooling System – Keel cooled or engine mounted plate heat exchanger for reduced installation cost and less maintenance. Spin-on Cummins water treatment filters for protection against cooling system corrosion

Exhaust System – Dry exhaust manifold with water shielding for reduced fuel consumption and improved performance

Air System – Marine grade air filters with air inlet restriction indicator. Twin Cummins turbochargers optimized for marine usage

Lubrication System – Standard (114 L [30 gal]) or high capacity (185 L [49 gal]) marine grade oil pan. Cummins spin-on oil filter cartridge available handed for simplified service

Electronics – 24v standard electrical system with 12V option available. Marine grade wiring harness

Certifications – Complies with either IMO Tier 1, IMO Tier 2 or EU Stage 3a emissions regulations as indicated. Certificates of compliance are available from the U.S. EPA and Lloyd's Register of Shipping. Designed to meet SOLAS requirements. Consult your local Cummins professional for a complete listing of current marine agency approvals for this engine

Optional Equipment

- CENTINEL™ oil management system
- Prelub starter protects against dry starts
- Direct mounted front power take-off
- Duplex lube filtration
- Engine room and pilot house panel with analog gauges
- ELIMINATOR™
