ISX OVERHAUL KITS

CURRENT OVERHAUL KIT
- Piston and Rings
- Cylinder Liners
- Main Bearings
- Upper Eng Gasket Set
- Oil Pan Gasket
- Fuel and Lube Filters
- Oil Bypass Valve
- Conn Rod Bearings
- Coolant Thermostat

CLASSIC

CURRENT OVERHAUL KIT
- Piston Cooling Nozzles
- Turbo Studs/Locknuts

PRO

CURRENT OVERHAUL KIT
- ReCon® Connecting Rods
- ReCon® Fuel Injectors
- Fuel Connectors
- *ReCon® Fuel Pump Repair
- ReCon® Water Pump
- ReCon® Lube Oil Pump
- ReCon® Cylinder Head
- Piston Cooling Nozzles
- Turbo Studs/Locknuts

ELITE

CURRENT OVERHAUL KIT
- ReCon® Connecting Rods
- ReCon® Fuel Injectors
- Fuel Connectors
- *ReCon® Fuel Pump Repair
- ReCon® Water Pump
- ReCon® Lube Oil Pump
- ReCon® Cylinder Head
- Piston Cooling Nozzles
- Turbo Studs/Locknuts

*Fuel Pump Repair includes short block, tappets, barrel plungers.
ISX12 OHKs do NOT include a Fuel Pump Repair kit.
## ISX OVERHAUL KIT REBATE PROGRAM

### CM570 / CM870 / CM871

Cummins Overhaul Rebate Program

<table>
<thead>
<tr>
<th>ISX12 &amp; ISX15 Engines</th>
<th>Total Savings</th>
</tr>
</thead>
<tbody>
<tr>
<td>Overhaul Kit + Cylinder Head</td>
<td>$500</td>
</tr>
<tr>
<td>Overhaul Kit + Cylinder Head + $5,000 in Cummins Parts**</td>
<td>$1,000</td>
</tr>
<tr>
<td>Overhaul Kit + Cylinder Head + $10,000 in Cummins Parts**</td>
<td>$1,500</td>
</tr>
</tbody>
</table>

### CM2250 / CM2350

Built-in Savings

![Cummins Engine Diagram]

**Note:** Cummins Overhaul Rebate Program details as per the provided text.
The NEW overhaul kit offering provides significant savings above the current rebate program. Price discounts are built into the price of the NEW kit part numbers. Therefore, Cummins rebate funds are not eligible in conjunction with CM 2250/CM2350 overhaul kits.

This chart displays the estimated savings when using the rebate program as well as the NEW overhaul kit offering.
NOW® EXTENDED COVERAGE FOR NEW ISX OVERHAUL KITS

</tr>
</tbody>
</table>

* NEW 3-yr coverage available: Customer must purchase Elite kit and service must be completed by a NOW certified location to be eligible for 3-Yr extended coverage.
ReCon components are to be repackaged in original boxes, including cylinder head.

• Create a single Return Detail ID (RID) for overhaul kit core PN (containing ReCon components).

• Printed copy of the return inside and one attached outside wooded panel crate as your packing slip.

• Missing or unaccepted core will be deducted from the core credit

• ReCon components can be individually returned if eligible for core swap program.

Overhaul kit shipping crate 50” x 40” x 34”
Weight: 950-1150lbs
IMPORTANT CONSIDERATIONS
CONNECTING ROD BEARINGS

TSB 120067

• 15L overhaul kits will include both saw cut and fracture split connecting rod bearings in CLASSIC and PRO kits.

• The ELITE kit includes fracture split connecting rods and fracture split connecting rod bearings.
Cylinder Liner Mid Stop Diameter Differences

- Any 15L engines built or replaced after January 1st, 2010, could potentially have been built with either a small bore diameter cylinder block and cylinder liner, or a large bore diameter cylinder block and cylinder liner.

- Mid stop liners are available in 150mm or 152mm outer diameters. Measure the mid stop liner at the location shown in the Figure to identify the mid stop cylinder liner size.

- To ensure the proper size liner is identified, use cylinder liner gauge – 5299587
All PRO and ELITE level kits (15L) are sold containing 150mm cylinder liners. If 152mm liners are needed for repair, order liners along with OH kit and we will accept return of the 150mm liners inside the kit.

- 150mm liner returns will be accepted if 152mm liners were purchased
- Must keep liners in original packaging including o-ring
- Re-stocking fee will be waived
- PPC 5814 – Return instructions
  - 150mm APR Liner – 5472970
  - 152mm APR Liner – 5473000

TSB 110277 – Cylinder Liner Compatibility
