DOES MY ENGINE QUALIFY?

Your engine just has to meet the following criteria:

- U.S. Environmental Protection Agency 2017 or EPA 2021 or CARB 2022 X15 engine
- More than 18 months from its Date-in-Service or over 200,000 miles
- Less than 6 years from its DIS and less than 650,000 miles on the odometer if EPA 2017 X15 or EPA 2021 X15 Efficiency Series Engine (ISX Engines with 6 years / 650,000 miles are only eligible for Encore Xtra 1-year / 100,000-mile coverage)
- Less than 5 years from its DIS and less than 500,000 miles on the odometer, if EPA 2021 X15 Performance Series Engine (ISX Engines with 5 years / 500,000 miles

are only eligible for Encore Xtra 1-year / 100,000-mile coverage)

- All previous extended coverages expired
- Maximum years and mileage with coverage is 7 years / 750,000 miles (6 years / 600,000 miles for EPA 2021/CARB 2022 X15 Performance Series)

Pricing does not include pre-qualifying inspection fee. Inspections must be completed at an authorized Cummins distributor or dealer location. After inspection, coverage must be applied within 6 months or 500 miles, whichever occurs first.

IF YOUR ENGINE MEETS THOSE CRITERIA, THEN YOU QUALIFY. IT'S THAT SIMPLE.

SELECT YOUR COVERAGE PLAN

Cummins provides two comprehensive Encore Xtra Extended Coverage plans — both with 1-year/100,000-mile and 2-year/200,000-mile options. Pricing depends on the horsepower of your engine.
