

Cummins 2021 extended warranty plans

ADDITIONAL COVERAGE OPTIONS FOR MEDIUM-DUTY TRUCKS

Confidence is power

Cummins is committed to providing medium-duty truck customers with the most reliable and dependable power solutions on the road. But our commitment to our customers doesn't end on the assembly line. On top of products that are unmatched when it comes to reliability, Cummins customers also get advanced diagnostic features, superior support

from the largest service network in North America and a written commitment that comes from our warranty coverage options. While these options range in duration and coverage, they all affirm not only Cummins' commitment to our customers, but also conviction in the quality of our products.

A baseline that's anything but basic

The base engine warranty for both the B6.7™ and L9™ Cummins diesel engines includes parts and labor on warrantable failures for the engine – with no deductible. The B6.7 base warranty coverage is good for 3 years/unlimited miles* while the L9 base warranty is good for 2 years/250,000 miles (402,336 km).**

*The B6.7 base warranty covers any failures of the engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the engine by Cummins and ends three years after the date of delivery of the Engine to the first user.

**The L9 base warranty covers any failures of the engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). Coverage begins with the sale of the Engine by Cummins and ends after two years or 250,000 miles (402,336 kilometers) or 6,250 hours, whichever occurs first.

Protection Plans 1 and 2

Cummins 2021 L9 and B6.7 customers are both eligible for Protection Plan 1 and Protection Plan 2. These plans provide additional peace of mind when it comes to internal components and major engine systems including parts and labor associated with covered failures.

PROTECTION PLAN 1

- Internal components and major engine systems, including the turbocharger, water pump, air compressor, fuel pump, select engine sensors and fuel injectors (excluding the aftertreatment injector)
- Options for the B6.7 range from 4 to 6 years and 100,000 to 300,000 miles (160,934 - 482,803 km)
- Options for the L9 range from 3 to 6 years and 100,000 to 300,000 miles (160,934 - 482,803 km)

PROTECTION PLAN 2

- Internal components and major engine systems
- Options for the B6.7 range from 4 to 7 years and 100,000 to 300,000 miles (160,934 - 482,803 km)
- Options for the L9 range from 3 to 7 years and 100,000 to 300,000 miles (160,934 - 482,803 km)

Medium-duty extended coverage options*

Complete aftertreatment systems (DOC & DPF & SCR) Cummins-supplied aftertreatment sensors, and probes Cummins-supplied gaskets, mounting hardware, and filters	Aftertreatment extended coverage Requires Protection Plan 1 of greater or equal duration

Keeping you on the road. Not in the bay.

Cummins Care makes your workload easier by creating a seamless support experience. You can expect to get complete solutions while working with one of over 3,700 authorized parts and service locations. Visit care.cummins.com or call 1-800-CUMMINS™ (1-800-286-6467) to connect with a Cummins Care expert. The Cummins Guidanz™ mobile app and INLINE™ mini-adapter allow for key engine information to be downloaded on a smartphone or tablet. You don't even have to wait in line for a diagnostic bay to open – your vehicle's info can be downloaded while you stand right outside the cab. Cummins' suite of Connected Solutions uses wireless technology to manage your engine's health. This includes Connected Diagnostics, our Connected Advisor program and Connected Software Updates that let you update engine control module calibrations over the air, from the road or wherever your trucks are domiciled.
