FOR
A WORLD
THAT'S
ALWAYS ON™

What is the Dealer Portal?

The Cummins global Dealer Portal is a single centralized hub providing access to a comprehensive suite of tools, applications and company information for dealers, including sales, service, parts, training and marketing. The new portal provides a highly personalized view based on the particular range of products and services applicable to each dealer's profile, market segment and region.

What are the benefits of the portal?

- The Cummins Dealer Portal provides easy access to the most commonly used Cummins applications for dealers — in one single location
- Using Single Sign-On (SSO), dealers are able to quickly and easily access the most popular tools and applications by logging into the Dealer Portal just once. This eliminates the current need to log-in and log-out of various applications each time, saving dealers time and effort
- Enables dealers for focus on supporting customers armed with a convenient tool to support their needs and operate with greater efficiency
