

# THE POWER TO MEET YOUR NEEDS.

# L9™

The Cummins L9™ has a reputation across North America as a proven workhorse, boasting 35+ years of production with more than 5 million engines manufactured globally. The 2024 L9 delivers class-leading power and torque ratings, an unmatched power-to-weight ratio, and the dependability and uptime you expect from Cummins.

2024 L9 engines do more than just provide the power, reliability and durability you need to get the most difficult jobs done. With ratings ranges of 260 hp to 380 hp (194 - 283 kW) and up to 1,250 lb-ft (1,695 N • m) of peak torque, the L9 is designed to excel in some of the toughest duty cycles.

High-strength components and features, like replaceable cylinder liners for easier rebuilding, add life to the engine and its residual value.

## L9 SPECIFICATIONS

<b>Horsepower</b>	260 - 380 hp (194 - 283 kW)
<b>Peak Torque</b>	860 - 1250 lb-ft (1166 - 1695 N • m)
<b>Governed Speed</b>	2100 / 2200 RPM
<b>Clutch Engagement Torque</b>	575 lb-ft (780 N • m)
<b>Number of Cylinders</b>	6
<b>Engine Weight (Dry)</b>	1695 lb (769 kg)

**FOR  
A WORLD  
THAT'S  
ALWAYS ON™**

# AN UNPARALLELED ABILITY TO LOOK AHEAD.

Cummins customers can expect a digitally enriched experience over the life of their vehicles. Newly released features connect in-mission operations directly to maintenance and repair processes, giving customers an unparalleled ability to look ahead, optimize operations and minimize downtime.

## ALL ABOUT UPTIME.

To improve uptime, we extended the recommended engine maintenance intervals so you can go longer between oil drains and fuel filter changes. A completely maintenance-free breather means you'll never have to change a crankcase ventilation filter again. Trucks go longer between trips to the garage for scheduled maintenance and more money goes back to your bottom line. New for 2024, the L9 offers advancements in connectivity to help you identify, prevent and resolve issues faster.

Of course, all Cummins engines are backed by the largest, most capable support network in North America so you can get great service no matter where you are.

## ENGINE MAINTENANCE INTERVALS

MAINTENANCE ITEM	MILES/KILOMETERS	HOURS	MONTHS
Oil and Filter*	Up to 50,000 mi 48,000 km	1,500	18
Fuel Filter	Up to 50,000 mi 97,000 km	1,500	18
Overhead Adjustment	150,000 mi 240,000 km	5,000	48
Def Filter	200,000 mi 320,000 km	6,500	-
Particulate Filter Cleaning	200,000 mi 320,000 km	6,500	-

Crankcase Ventilation Filters are maintenance free.

\*With a 19 quart oil pan. Maintenance intervals duty cycle dependent. Consult your Operation Maintenance Manual for more information.

**EXPERIENCE  
UNMATCHED POWER.  
EXCEL WITH THE L9.**
